

Polished Concrete Floor Care

Daily cleaning: Use a micro fiber mop dry.
To pick-up daily dirt and dust.
You can get these mops at Home depot

Heavy cleaning: Micro fiber mop wet with WATER and Rejuvenating Cleaner only!

DO NOT USE any other cleaners,
They are acidic and will etch the
floor, and cause it to discolor.
(It will not be covered by any warrantee)

“DO NOT” use any tape on floors.
It will leave tape marks!
(It will not be covered by any warrantee)

Commercial floors: Do NOT use wax on these floors. You can get Rejuvenating cleaner and sealer at DCPSupplies.com, 619-701-DYES They also tell you how to re-apply without stripping
